## NEWS RELEASE

*For Immediate Release*

### **Eriez' Full-Line Product Brochure is a Helpful Resource for Selecting Magnetic, Vibratory and Inspection Equipment**

Eriez® announces the availability of the company's updated full-line product brochure. The informative guide, which helps purchasing decision makers across multiple industries select the ideal magnetic, vibratory and inspection equipment to satisfy their individual needs, can be downloaded from [www.eriez.com](http://www.eriez.com).

The brochure explains that Eriez designs, develops, manufactures and markets equipment for process and metalworking industries. Detailed product information and accompanying photos appear throughout the literature.

Products featured in the brochure include magnetic plates, grates, traps, metal detection systems, vibratory feeders, screeners and conveyors, X-Ray inspection systems, magnetic humps, magna rails and rolls, radial field cartridges, bin vibrators, magnetic filters and separators.

The brochure also highlights Eriez' new **FinesSort™** and **ProSort** Metal Recovery Systems designed for the recycling industry. The **FinesSort** provides an economical method for recovering metals from the classified fines in a scrap shredding operation, turning waste stream into a cash flow. The **ProSort** uses a traditional conveyor belt and sensors to detect metals, then, instead of costly air reject systems, cost-effective electromechanical paddles are used to reject material.

Online users can download a free PDF of "It's All Here in Black and Orange" from [www.eriez.com](http://www.eriez.com) or send an e-mail to [eriez@eriez.com](mailto:eriez@eriez.com) to request brochure B-90.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through eleven international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit [www.eriez.com](http://www.eriez.com) or send e-mail to [eriez@eriez.com](mailto:eriez@eriez.com). Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506
